REPORT OF THE FOREST FIRE WARDEN AND YOUR DISTRICT CHIEF

During the past year New Hampshire faced the greatest forest fire threat to its woodlands in more than sixty years. The continued drought brought home to our citizens, as never before, the potential threat of destructive fires to their beautiful and valuable forests, homes and livelihood. In true American tradition of meeting a common threat by volunteer effort, this fire danger was minimized by active prevention, patrol and a relinquishing of personal rights for the common good. It was the greatest demonstration of public cooperation ever experienced by those responsible for local and state fire control. The ready forces of volunteer fire services kept the losses low. For their effort and public response the general fire service expresses its heartfelt thanks for a job well done.

Prevention however, is not just an activity for the bad fire years. It must be practiced until it becomes a part of our public conscience — a habit. Just plain carelessness with fire causes too many of our fires.

The following practices and suggestions will help:

1. Always have a permit for outdoor burning and burn within the terms of the permit and in a safe place. Burn late in the afternoon when the wind is down or on rainy or damp days. Check your fire and if winds develop extinguish it promptly.
2. Carry your rubbish to the public dump — it's safer. A neglected backyard incinerator causes many fires.
3. Never discard lighted cigarette or match. Make this a year round habit regardless of the safety of your surroundings.
4. Children caused fires are now a major concern.

Keep matches away from them and teach them to respect fire and not make it a subject of play.

Let's all join with "Smokey the Bear" and "Keep New Hampshire Green" and growing in 1964.

REPORT OF THE SUPERINTENDENT OF SCHOOLS

To the Citizens of Croydon:

Enrollment

Mrs. Doris Farrington is again teaching Grades 1-3 at the Village School with an enrollment of 20 pupils divided as follows:

Grade 1	7
Grade 2	5
Grade 3	8

Building Improvements

The outside wooden trim was painted and the usual routine maintenance was carried out.

High School Transportation

Since it was necessary to negotiate a new contract with the school bus operator, Lawrence Darling, it was possible to make a very satisfactory agreement including the transportation of high school students. Providing their own transportation has worked a real hardship on some students and their parents and has probably contributed to some dropping out prior to graduation. The need of a high school diploma today is so minimum an educational requirement that this positive support in providing transportation should serve as another indication to the young people of Croydon that the community really does want them to finish high school.

State Aid

An increase in State Aid was received. While \$3,150.00 had been estimated, the actual figure amounted to \$4,003.80. We are estimating a similar amount in the next budget.

The manner in which State Aid is figured may be of interest. It is based on:

- a. The number of pupils in **residence**—not where they attend school.

b. Equalized Valuation—Croydon's breakdown is as follows:

No. of Elementary Students—64.4	
multiplied by \$257. each =	\$16,550.80
No. of High School Students—18.2	
multiplied by \$404. =	7,352.80
	<hr/>
Total	\$23,903.60
(Last Equalized Valuation \$1,421,414.00)	
Less \$14.00 per \$1,000.00 of Equalized	
Valuation	19,899.80
Difference	\$ 4,003.80
Amount of 1963 State Aid Payment	

Respectfully submitted,

GORDON B. FLINT

Superintendent of Schools
